

ADDENDUM BID SC-1601

January 4, 2016

This is a follow-up response to the concerns presented at the Pre-Bid Meeting held at the Road Department in Greenwood, AR on January 4, 2015:

1. Correct "Specifications: Dump Truck Cab & Chassis" (Section V, page 6, 4. Tires) front tires to two (2) 385 65R 22.5, 14 Ply Highway Tread (or equivalent); Rear – Ten (10) lug grip radial 11R 22.5, 14 Ply (or equivalent).
2. The final sentence in "Specifications: Dump Truck Cab & Chassis" (Section V, page 6, 17. Springs) should state: "With minimum of 52" walking beam, on a 40,000 pound Camel Back Suspension (or equivalent)."
3. "Specifications: Dump Truck Cab & Chassis" (Section V, page 7, 21. Fuel Tank) should change the term "maximum" in reference to tank diameter of 22 inches to "minimum."
